

ESG Press Release

ESG Employees Stepped Up to Donate Blood in the Time of COVID-19

New Contract for Weeks Marine H258,
8550 yd³ Dredge R.B. WEEKS

Eastern Shipbuilding Group's recent Spring Blood Drive was a success! Partnering with OneBlood, Eastern hosted a Blood Drive at their Allanton Facility on April 14 & 15, 2020 and Nelson & Outfitting Facility on April 21 & 22, 2020. OneBlood collects donations across Florida and southern Georgia and Alabama, serving hundreds hospitals and healthcare centers across the same region with life-saving blood. Learn more about OneBlood's mission at www.oneblood.org

USCG Offshore Patrol Cutters - under construction at the Nelson Facility

During the Spring Blood Drive, **Eastern employees donated 118 units of blood!** This Blood Drive is significantly more urgent as the region and the country faces COVID-19. Eastern and One Blood appreciate the donations in these extraordinary times. Bob Babb, ESG's Manager of Human Resources, worked with OneBlood's Amy Walker, and planned the Spring Blood Drive at Eastern. With the success of this drive and previous drives at Eastern, makes Eastern a top producer for overall donated blood units in NW Florida! Eastern would like to thank everyone that contributed this Spring during this critical time of COVID-19.

Share your power.
